

"Presenting the Roodberg "Greenline" range of high-quality but cost effective boat handling products. From 5 to 10tons" "Roodberg's Greenline incorporates innovative design with top quality components built in a state-of-the-art production facility by a team of highly skilled and well motivated workforce. This ensures the delivery of a machine with low operational and service costs and a safe working environment for the operator."

**Yacht Crane:** a comprehensive range of cranes starting at 1 tons providing a simple to operate, safe and reliable machine.

**Mani Bateau:** A simple, manoeuvrable, towed trailer to carry square boat cradles or directly by means of soft adjustable pads.

**Slipway Trailer:** with carrying capacities of 5 and 10 tons, this towed, hydraulically operated trailer provides a very simple and effective way of launching and recovering small boats on a slipway without the need for very heavy recovery equipment.
